FOOD AND AGRICULTURE

It may therefore be stated that the deficit of 1-1-1362 Lbs. of iron cream materials appears to be a purely deficit of accumulated shortages from the time of [illegible] the container in operations to the time of its complete sale for which nobody can be held personally responsible. I therefore request that Government may be pleased to write off the deficit of 1-1-1362 Lbs. valued at Rs. 419-7-0.

Yours faithfully,

Joint Director of Agriculture.
